

LRSC: PROYECTO CREATIVO

COSTA CARIBE

HABILIDADES (SKILLS)

- Creativity
- Innovation
- Using media to promote social change and awareness

TAREA (ASSIGNMENT)

Your assignment for this seminar is to turn in a *visual representation* of something that reflects on the themes of youth, social change, cultural preservation, autonomy, identity or a theme that fits within the framework of the Coast and our larger program topics. This can be a series of photos or drawings, a skit, a video, a series of poems, or even a performance. Your visual representation must be accompanied by a synopsis of what your visual represents. This can be written in Spanish or English and should be roughly a page long. Please draw inspiration from our guest lecture on Arts-Based Research (ABR) and read up on ABR through the many books that cover this subject in the Study Center. Your visual could be accompanied by a poem, song or written words.

If you chose to make a video, you may use an editing application like Splice, Moviemaker or Imovie to edit a short video. You are welcome to incorporate your interview from the Coast into the video. Should you choose to do so, you will want to record your interview as a video so that you can import it into a video editing program. Also, you'll want to be sure to take photos to edit into your video. Finally, you should use your transcription to create subtitles so that your video can be viewed by a wider audience.

May the multi-lingual flavor of the Coast inspire your creative juices!

EVALUACIÓN) ASSESSMENT

- Visuals: 10%
- Synopsis: 30%
- Creativity: 60%
