

RMES: COMPARACIÓN DE CASAS

LA MAXIMO

HABILIDADES (SKILLS)

- Analytical journaling
- Experiential learning

TAREA (ASSIGNMENT)

The purpose of this assignment is for you to begin reflecting on your experiences in La Maximo Jerez. Now that you have had your first night at your homestays, please journal about your experience in your *diario del campo* or field journal. Specifically, think about the following things:

- What do you see?
- What is familiar to you?
- What is different?

In addition to describing your experience, interpret your homestay experience. That is, think carefully about potential connections between the things you are seeing. Finally, write a short entry about how you think a Nicaraguan student visiting your family might feel. What would they see? What would be familiar to them? What would be different? How might they interpret your world? What might they find similar and comforting and what might be a surprise for them if they were doing a homestay in YOUR home?

Be sure to include photos, sketches, maps, and anything else that you think might add to your journal.
